

# Spring Posy Earrings

CROCHET PATTERN

The warmer weather means putting away your heavy wool yarns and opting for lighter projects. The lightest of all projects is crochet earrings, of course! Use your favorite 1.65 mm hook, size 10 thread, earring findings, and stiffening spray to make these earrings.

## SUPPLIES:

- Size 10 crochet thread, any color, approx 20 yards
- Size 1.65 mm crochet hook
- Tapestry needle and scissors
- Earring findings: 2 fish hook style earrings, 4 jump rings
- Fabric stiffener, like Aleene's Fabric Stiffening Spray, t-pins, and a blocking mat

## ABBREVIATIONS (US TERMS):

ch = chain

hdc = half double crochet

sl st = slip stitch

st/sts = stitch/stitches

dc = double crochet

sp = space

beg = beginning

MR = magic ring

() = complete these instructions in one stitch

\* = indicates where to begin repeat from

ch-4 = a completed chain of 4

## NOTES:

- For the best look to achieve the open look of these earrings, you'll need to stiffen them. I use Aleene's Fabric Stiffening Spray and t-pins on a blocking mat.
- Stitch counts are marked at the end of each round with ( )
- Finished dimensions: 1 in diameter
- Beginning chains count as stitches for the stitch counts.

## GAUGE:

Gauge is not really necessary for this pattern. Personally, I find the smallest hook I can handle for the thread size (for earrings) produces the best, tightly stitched look. If you desire to gauge swatch: after round 2, your work should measure 15 mm across.
